

## US Presidency Astrological Analysis – Feb 2008

United States has presidential elections on November 4, 2008. As on date three candidates seem to be ahead in the race. A former first lady and spouse of charismatic couple who if wins will be first lady US president. A highly decorated and service oriented formal naval officer and a first time Afro American with Charisma for change. While the birth times of the candidates is not known accurately, known facts of their lives are taken to see if they fit the birth time calculated assuming that the birth dates are correct. They are Ms. Hillary Clinton born on 26 Oct 1947, Mr. Barack Obama; born on 4 Aug 1961 for democratic party who are running neck to neck in the primaries and Mr. John McCain born on 29 Aug 1936 for Republican party. Their charts and life events are discussed below.

### 1A.Ms. Hillary Clinton

Born on 26 Oct 1947, 20 Hrs at Chicago. The planetary positions for this are: Mithuna lagna with Mars and Saturn in 2nd in Karkataka, Sun Mercury and Venus in 5th in Tula, Jupiter and Ketu in 6th in Vruschika, Moon in 10th in Meena and Rahu in 12th in Vrushabha. In Bhava Kuja and Sani move to third which means if the time is correct she must have loss of siblings. This period of guru which has given problems throughout her life continues to be her Waterloo, and there seems to be no way that she can win the election, even in the unlikely position of her being nominated as democratic candidate.

### 1B.Mr. Barack Obama

Born on 4 Aug 1961, at 13:06:00 at Honolulu, Hawaii, USA. The planetary positions are Tula lagna with guru and sani in 4th in makara, Ketu in 5th, Moon in exaltation in vrushabha, Venus in 9th in Mithuna, Sun and Budha in tenth in Karkataka, and Mars and rahu in 11th in Simha. During election time he is having the antar dasa of Moon the tenth lord in exaltation from Sep 24 2008 to Jan 17 2010. Thus the combinations and periods are very favorable for him to get THE DEMOCRATIC NOMINATION AND WIN THE ELECTION.

## 1C. Mr. John McCain

Born on 29 Aug 1936 at 9 Am at Coco Solo, Panama. He has Kanya lagna with exalted lagna lord Budha in lagna, guru in 3rd in Vruschika, Rahu in 4th in Dhanus, Moon in 5th makara, Sani in 6th in own kumbha, Ketu in tenth, Mars in neecha in 11th karkataka and sun and venus in 12th simha. In bhava Rahu comes to 3rd, Moon to 4th, Ketu to 9th and Budha to 12th. John McCain has a remarkable record of leadership and experience that embodies his unwavering lifetime commitment to service.

Budha maha dasa starting April 2008 is powerful enough to get him nominated as presidential candidate but it is not strong enough - especially Budhas neecha in navamsa to win the election. The incumbent opposition also works against him.

**Thus if the birth data is correct, Mr Barack Obama seems to be having the edge over the rest.**
